

PRODUCT DATA

Lusin® Clean L 11

Cleaner on a basis of organic solvents

Benefits:

- degreases and cleans thoroughly
- short drying times
- suitable for plastic and rubber
- suitable for ultrasonic cleaning

Typical Performance Characteristics

Colour / appearance	Colourless
Flash point, °C	< -18
Density, g/ml at 20 °C	Approx. 0.73

Product description

LUSIN® CLEAN L 11 thoroughly wets the parts being processed. It dissolves oils and greases and removes wax residues.

Conventional plastics and rubber are resistant to short term exposure to the cleaner. The cleaned parts dry rapidly.

Application

For the removal of oil, grease and wax residues on plastic and metal parts. For the cleaning and maintenance of all plastic covers in cars, technical apparatus, etc.

Instructions for use

The parts can be cleaned by wiping, dipping or spraying. The product is also suitable for ultrasonic cleaning. We recommend that the freshly cleaned parts should be treated with LUSIN® PROTECT G 11, G 31 or PROTECT O 41 to prevent corrosion.

Shelf life

- approx. 12 months
- approx. 2 year for sprays

Storage / Handling

For further information on storage, handling, hazards, etc. please refer to safety data sheet.

Packaging

- Spray 400 ml : 12 cans / carton
Code No. 061100
- ready-to use : 1 l, 5 l, 20 l, 200 l
Code no. 273240
